

## Welding robot operator Cloos (m/f/d)

### Description

In our family of companies, we offer an exciting and long-term employment opportunity as a robot welder (m/f/d) in a state-of-the-art manufacturing environment. At Wüller we specialize in high-quality metal processing and realize ideas made of steel, stainless steel and aluminum, true to the motto "We Create Your Ideas".

Our working environment is characterized by the most modern manufacturing technologies, which offer you the opportunity to further develop your skills as a robot welder (m/f/d) and to get involved in a collegial environment with flat hierarchies. We value reliability, punctuality and an independent way of working, which is complemented by our support in further education and training.

If you are ready to open up to new manufacturing techniques and work in a motivated team as a robot welder (m/f/d), we look forward to receiving your application. With us you can expect not only performance-related remuneration, but also subsidies for company pension schemes, a monthly inflation compensation bonus and holiday pay. Become part of our team and actively shape the future of our company.
